> GOMPERS WELCOMED TO PARIS. To Be Present at International Labor Congress.

Paris, July 16 .- In spite of the refusof the American federation of labor o take part in International labor evements, Samuel Compers, president of the organization, has been received with open arms by the French labor Mr. Gompers, who is invest ating labor conditions in France, be the official representative of his or-ganization at the international labor congress to be held in August, but he is making it quite clear that his presence will in no way bind the American organization to act in concert with Euro-

pean organizations in the future. A local newspaper yesterday publishes an interview with Mr. Gompers, in which the American explains that while his organization would welcome closer relations and even co-operation with the workmen's organization abroad, nevertheless it insists upon maintaining its distinctive character, which includes socal, political and legislative objectives. He is quoted as expressing a preference for peaceful means, and adds:

In America the only thing that counts is improvement in the welfare of the working classes. It is a mistake, I could express the country of the c could even say a crime, to expect the growing poverty and exasperation of the working classes to bring about any sudden improvement in their condition The hungry and poor can riet, but they are incapable of a sustained effort.
